Telephone (515) 281-5834 Facsimile (515) 242-6134

Fellow CPAs:

This sample report is presented by the Office of Auditor of State as required by Chapter 11.6 of the Code of Iowa. In developing this report, we have made every effort to ensure the highest professional standards have been followed while attempting to provide meaningful and useful information to the citizens, our ultimate client.

Audits of governmental subdivisions should be performed in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and, if applicable, the Single Audit Act Amendments of 1996 and Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations.

References to Chapter 11 of the Code of Iowa in the Independent Auditor's Report (1) on the financial statements, (2) on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards and (3) on Compliance with Requirements Applicable to Each Major Program and on Internal Control over Compliance in Accordance with OMB Circular A-133 are no longer required. We have determined the Chapter 11 audit requirements are met through the application of generally accepted auditing standards and Government Auditing Standards. This change does NOT affect the audit procedures to be applied in auditing compliance with the requirements of Chapter 11, such as a review of internal control, testing of transactions for compliance, and for schools, an audit of the certified annual report and the certified enrollment. This only affects reporting.

This sample report has been prepared in conformity with U.S. generally accepted accounting principles and conforms to guidelines provided in Governmental Accounting and Financial Reporting Standards published by the Governmental Accounting Standards Board.

The format shows the basic financial statements, required and other supplementary information and the Schedule of Findings and Questioned Costs which are necessary to meet the requirements of this office. The detail presented in the financial statements and supplementary information is the minimum breakdown that will be acceptable subject, of course, to materiality considerations. If the auditor and the local government feel more detail is necessary to provide a fair presentation, this of course will be welcome. A sample such as this cannot present all situations which you may encounter, so the auditor's professional judgment must be used in determining the additional information to be shown as well as the footnotes to be presented.

We have included as attachments to this letter some information related to municipal utility audits. We have also included illustrations of note disclosure for a city's participation in the Municipal Fire and Police Retirement System of Iowa (note X) and Iowa Communities Assurance Pool (ICAP), a local government risk pool (note Y).

Entities with \$500,000 or more of federal expenditures are required to receive a Single Audit in accordance with OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Any questions concerning Single Audit requirements should be directed to the City's cognizant or oversight agency.

In accordance with OMB Circular A-133, one copy of the reporting package and Data Collection Form shall be submitted within 30 days after issuance of the audit report to a central clearinghouse. The Data Collection Form is available on the Federal Audit Clearinghouse (FAC) website at <http://harvester.census.gov/sac> or by calling 1-800-253-0696 (Form number SF-SAC). Auditees are encouraged to use the on-line Internet submission option available on the FAC website. Submission of the on-line Internet Form SF-SAC will require the user to submit a hard copy of the final form with the auditee and the auditor signatures. Additional copies of the reporting package or notifications of audit should be submitted to the central clearinghouse or to grantor pass-through entities in accordance with the filing requirements of the Circular.

The Office of Management and Budget has designated the United States Department of Commerce, Bureau of the Census as the Single Audit Clearinghouse. Reporting packages should be submitted to:

Federal Audit Clearinghouse  
Bureau of the Census  
P. O. Box 5000  
Jeffersonville, IN 47199-5000

The findings on compliance, items IV-A-04 through IV-G-04, detail those items which are to be included regardless of whether there are any instances of non-compliance or not. Any instances of non-compliance in other areas should also be reported.

We have also included a page for listing the staff actually performing the audit. Although we have found this page to be helpful, you are not required to use it.

Reports, including the management letter(s) if issued separately, are to be filed with this office within nine months following the end of the fiscal year subject to audit. However, reports should be filed with this office upon release to the City. The per diem audit billing (including fee, expenses and hours) should be submitted with two copies of the reports filed with our office.

Public access to reports issued by the Auditor of State and by CPA firms will be available through the internet. To allow this, you should submit an electronic copy of each FY2006 audit report, in PDF format, to our office in addition to the two paper copies submitted. The PDF files should be e-mailed to [submitreports@auditor.state.ia.us](mailto:submitreports@auditor.state.ia.us). If you are unable to e-mail the file, you may mail a CD containing the PDF file to our office. You may direct any questions about submitting the electronic copy of the audit reports to the above e-mail address.

As required by Chapter 11 of the Code of Iowa, the news media are to be notified of the issuance of the audit report by the CPA firm, unless the firm has made other arrangements with the local government for the notification. We have developed a standard news release to be used for this purpose. The news release may be completed by the local government and a copy should be sent to this office with two copies of the audit report sent by the CPA firm. We will make a copy of the audit report and news release available to the news media in this office.

In accordance with Chapter 11 of the Code of Iowa, this office is to be notified immediately regarding any suspected embezzlement or theft.

Finally, I would like to express my appreciation to all CPA firms who are providing audit or other services to local governments. Together, we are able to provide a significant benefit to all taxpayers in the state.

DAVID A. VAUDT, CPA  
Auditor of State

### **Additional Footnotes**

The Municipal Fire and Police Retirement System note has been updated. The note is as follows:

**(X) Pension and Retirement Systems**

The City contributes to the Municipal Fire and Police Retirement System of Iowa (the Plan), which is a cost-sharing, multiple-employer defined benefit pension plan administered by a Board of Trustees. The Plan provides retirement, disability and death benefits which are established by state statute to plan members and beneficiaries. The Plan issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to Municipal Fire and Police Retirement System of Iowa, 2836 104<sup>th</sup> St., Des Moines, Iowa 50322.

Plan members are required to contribute 9.35% of earnable compensation and the City's contribution rate, based upon an actuarially determined normal contribution rate, can not be less than 17% of earnable compensation. Contribution rates are established by state statute. The City's contribution to the Plan for the years ended June 30, 2006, 2005 and 2004 were \$\_\_\_\_\_, \$\_\_\_\_\_ and \$\_\_\_\_\_, respectively, which (met) exceeded the required minimum contribution for each year.

---

## **Information Related to Municipal Utility Audits**

Municipal Utility audit report format should include the following:

1. Officials
2. Independent Auditor's Report
3. Management's Discussion and Analysis
4. Financial Statements
5. Required Supplementary Information (comparison of budget to actual)
6. Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards
7. Schedule of Findings:

Findings Related to the Financial Statements

Other Findings Related to Statutory Reporting:

- a. Certified Budget
- b. Questionable Disbursements
- c. Travel Expense
- d. Business Transactions
- e. Bond Coverage
- f. Board Minutes
- g. Revenue Bonds/Notes
- h. Deposits and Investments
- i. Telecommunication Services (if applicable)

Findings (a) through (i) are to be included regardless of whether there are any instances of non-compliance or not. See additional notes number 4 for more information relating to finding (i) on telecommunication services.

Municipal Utilities may be component units of a City which may affect the Independent Auditor's Report and the footnote disclosure of the reporting entity.

Municipal Utility audits must meet the reporting and filing requirements prescribed in Chapter 11 of the Code of Iowa and must be performed in accordance with the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

---

## Sample GAAP City

### Outline of Major Changes

- A. Deleted Official Depositories comment from Part IV of the Schedule of Findings and Questioned Costs because the State Treasurer's Office has indicated a change in procedures.

### Additional Notes

1. If the City has deposits in credit unions at June 30, 2006, Note 2 should be modified to indicate whether the deposits were covered by federal depository insurance, collateralized with securities or letters of credit held by the City or the City's agent in the City's name or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa.
2. Also attached are a sample Corrective Action Plan for Federal Audit Findings (See **Sample A**) and a sample Summary Schedule of Prior Federal Audit Findings (See **Sample B**). These are provided for illustrative purposes only and are not required to be bound in the regular audit or filed with our office.
3. The attached sample Corrective Action Plan refers the user to the City's response to the auditor's comment for the detailed corrective action planned. If the City's response to the auditor's comment does not include the details of its planned corrective action, this information should be included in the Corrective Action Plan itself.
4. Under Chapter 388.10 of the Code of Iowa, a city or municipal utility providing telecommunications services has the responsibility to comply with various financial and operating provisions as well as the responsibility for annual certification of compliance with these provisions. Chapter 11.6(1) of the Code requires the audit of a city that owns or operates a municipal utility providing telecommunications services to include an audit of the city's compliance with Chapter 388.10. In any year in which the city or utility is not audited, the city or utility must contract with the Auditor of State or a certified public accountant to "attest to the certification."

Based on an audit of the city or utility, a statutory comment on compliance with Chapter 388.10 should be included in the audit report. If the utility is audited as part of the city, the required comment would be included in the city report. If the utility is audited separately, the required comment would be included in the utility report. These audit reports must be filed with the Auditor of State and the appropriate filing fee paid as provided in Chapter 11 of the Code of Iowa.

In a year when the city or utility is not audited, the attestation report should indicate compliance with the provisions of Chapter 388.10. These attestation reports are public records, by law, and are to be filed with this Office. These reports are not subject to the payment of a filing fee.

Following are sample audit report comments for reporting on telecommunication services.

**No non-compliance noted – for separate Utility audit or City audit which includes the Utility:**

Telecommunication Services – No instances of non-compliance with Chapter 388.10 of the Code of Iowa were noted.

**Non-compliance noted – for separate Utility audit or City audit which includes the Utility:**

---

Telecommunication Services – The City (or Utility) did not consistently allocate the cost of use of City (or Utility) employees, equipment and other services used by the telecommunication municipal utility as required by Chapter 388.10 of the Code of Iowa. The allocation of costs to the utility was based on time studies of certain City (or utility) employees but the percentage allocations included mathematical errors. The errors resulted in an understatement of telecommunication services expenses of \$7,616 for the year ended June 30, 2006.

Recommendation – A corrective transfer of \$7,616 should be made from the Telecommunication Services Fund to the Gas Fund.

Response – A corrective transfer will be made.

Conclusion – Response accepted.

5. For cities with an early retirement or other benefit plan or policy that meeting the definition of a “Termination benefit” as defined by GASB Statement 47, see the “Additional Notes” section of the Sample Community School District sample report for an example footnote disclosure.
  6. The Schedule of Revenues by Source and Expenditures by Function, Schedule 3, presents the last four years of data. This schedule should eventually accumulate a ten year history of data.
-

**Additional Notes (continued)****Sample A**

Sample Entity

Corrective Action Plan for Federal Audit Findings

Year Ended June 30, 2006

Comment Number	Comment Title	Corrective Action Plan	Contact Person, Title, Phone Number	Anticipated Date of Completion
III-A-06	Unsupported Expenditures	The corrective action plan was documented in our response to the auditor's comment. See the Schedule of Findings and Questioned Costs.	Tom Claim, Sample Entity Administrator, (515) YYY-XXXX	Documentation to support expenditures will be maintained effective immediately. The questioned costs were returned to the Iowa Department of Economic Development on October 1, 2006.
III-B-06	Segregation of Duties over Federal Revenues	The corrective action plan was documented in our response to the auditor's comment. See the Schedule of Findings and Questioned Costs.	Julie Ledger, Sample Entity Treasurer, (515) YYY-XXXX	October 30, 2006
III-C-06	Financial Reporting	As reported in our response to the auditor's comment, we have implemented an independent review process which requires review by the Sample Entity Program Director, effective immediately. In addition, beginning with the December, 2006 quarterly report, we will submit federal financial reports within the required time frame.	Joe Smith, Program Director, (515) YYY-XXXX	Review procedures have been implemented.  Timely report filing will begin with the quarter ending December, 2006.

**Sample GAAP City**

**OFFICE OF AUDITOR OF STATE**  
**STATE OF IOWA**

David A. Vaudt, CPA  
Auditor of State

State Capitol Building  
Des Moines, Iowa 50319-0004

Telephone (515) 281-5834 Facsimile (515) 242-6134

**Independent Auditor's Report**

To the Honorable Mayor and  
Members of the City Council:

We have audited the accompanying financial statements of the governmental activities, the business type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of Sample GAAP City, Iowa, as of and for the year ended June 30, 2006, which collectively comprise the City's basic financial statements listed in the table of contents. These financial statements are the responsibility of Sample GAAP City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of Sample GAAP City at June 30, 2006, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated September 20, 2006 on our consideration of Sample GAAP City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 7 through 12 and 54 through 57 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Sample GAAP City's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2005 (which are not presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 through 4, including the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DAVID A. VAUDT, CPA  
Auditor of State

September 20, 2006

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

Sample GAAP City provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2006. We encourage readers to consider this information in conjunction with the City's financial statements, which follow.

### 2006 FINANCIAL HIGHLIGHTS

- Revenues of the City's governmental activities increased 5%, or approximately \$206,000, from fiscal 2005 to fiscal 2006. Property tax increased approximately \$22,000.
- Program expenses of the City's governmental activities increased 7%, or approximately \$232,000, in fiscal 2006 from fiscal 2005. Public safety expenses and interest on long-term debt increased approximately \$100,000 and \$106,000 respectively.
- The City's net assets increased 6%, or approximately \$930,000, from June 30, 2005 to June 30, 2006. Of this amount, the net assets of the governmental activities increased approximately \$860,000 and the net assets of the business type activities increased by approximately \$70,000.

### USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.

Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Sample GAAP City as a whole and present an overall view of the City's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Sample GAAP City's operations in more detail than the government-wide statements by providing information about the most significant funds.

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the City's budget for the year.

Other Supplementary Information provides detailed information about the nonmajor Special Revenue Funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various federal programs benefiting the City.

## **REPORTING THE CITY'S FINANCIAL ACTIVITIES**

### **Government-wide Financial Statements**

One of the most important questions asked about the City's finances is, "Is the City as a whole better or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information which helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting and the economic resources measurement focus, which is similar to the accounting used by most private sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

The Statement of Net Assets presents all of the City's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in the City's net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

The Statement of Net Assets and the Statement of Activities report three kinds of activities:

- Governmental activities include public safety, public works, culture and recreation, community and economic development, general government, debt service and capital projects. Property tax and state and federal grants finance most of these activities.
- Business type activities include the waterworks, the sanitary sewer system and the City's sanitation department. These activities are financed primarily by user charges.
- The Component Unit includes the activities of the City's Municipal Airport Authority. The City is financially accountable for the Authority although it is legally separate from the City.

### *Fund Financial Statements*

The City has two kinds of funds:

(1) Governmental funds account for most of the City's basic services. These focus on how money flows into and out of those funds and the balances at year-end that are available for spending. Governmental funds include: 1) the General Fund, 2) the Special Revenue Funds, such as Tax Increment Financing Revenues, Local Option Sales Tax and Payroll Tax Levy, 3) the Debt Service Fund and 4) the Capital Projects Fund. These funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed, short-term view of the City's general governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

2) Proprietary funds account for the City's Enterprise Funds. These funds report services for which the City charges customers for the service it provides. Proprietary funds are reported in the same way all activities are reported in the Statement of Net Assets and the Statement of Activities. The major difference between the proprietary funds and the business type activities included in the government-wide statements is the detail and additional information, such as cash flows, provided in the proprietary fund statements. The Enterprise Funds include the Water, Wastewater and Sanitation Funds, each considered to be a major fund of the City. The City is responsible for ensuring the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong.

The financial statements required for proprietary funds include a statement of net assets, a statement of revenues, expenses and changes in fund net assets and a statement of cash flows. Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of financial position. The analysis that follows focuses on the changes in the net assets for governmental and business type activities.

	Net Assets at Year-end					
	Government Activities		Business Type Activities		Total	
	2006	2005	2006	2005	2006	2005
Current and other assets	\$ 4,364,899	3,542,881	2,232,791	2,007,568	6,597,690	5,550,449
Capital assets	11,769,563	9,901,747	7,543,323	7,827,504	19,312,886	17,729,251
Total assets	16,134,462	13,444,628	9,776,114	9,835,072	25,910,576	23,279,700
Long-term liabilities	3,484,276	3,013,975	2,564,889	2,722,205	6,049,165	5,736,180
Other liabilities	3,141,561	1,783,209	252,085	223,661	3,393,646	2,006,870
Total liabilities	6,625,837	4,797,184	2,816,974	2,945,866	9,442,811	7,743,050
Net assets:						
Invested in capital assets, net						
of related debt	7,865,127	6,426,747	4,859,323	4,990,504	12,724,450	11,417,251

Net assets of governmental activities increased from FY05 by approximately \$861,000, or 10.0%. Net assets of business type activities increased from FY05 by approximately \$70,000, or 1.0%. The largest portion of the City's net assets is invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with resources other than capital assets. Restricted net assets represent resources subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. Unrestricted net assets, the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, legislation or other legal requirements, is approximately \$(297,000) at the end of this year. The deficit is due to capital projects undertaken to be financed from future revenues and interfund borrowing.

Changes in Net Assets for the Year ended June 30,

The City increased property tax rates for fiscal 2006 by approximately 1.6%. This increase raised the City's property tax revenue by approximately \$22,000 in fiscal 2006.

## INDIVIDUAL MAJOR FUND ANALYSIS

### Governmental Fund Highlights

As Sample GAAP City completed the year, its governmental funds reported a combined fund balance of \$1,820,916, which is less than the \$2,382,860 total fund balance at June 30, 2005. The following are the major reasons for the changes in fund balances of the major governmental funds from the prior year.

The General Fund showed a modest decline of \$3,208 from the prior year to \$715,937.

The Tax Increment Financing Revenues Fund accounts for revenue from the tax authorized by ordinance in the urban renewal district which are used to pay the principal and interest on indebtedness incurred for urban renewal redevelopment projects. This fund ended fiscal 2006 with a \$(480,408) deficit balance compared to the prior year ending deficit balance of \$(350,717). The deficit fund balance is a result of providing loans to other funds for urban renewal projects prior to collection of tax increment financing revenue.

The Local Option Sales Tax Fund accounts for revenue from the tax authorized by referendum and used for capital improvements, equipment, and community programs and services. This fund ended fiscal 2006 with a \$1,139,911 balance compared to the prior year ending fund balance of \$1,026,139. Local option sales tax revenue increased by \$58,885 in fiscal 2006.

The Payroll Tax Levy Fund is used to account for the property tax levied to finance the payment of employee benefits. This fund ended fiscal 2006 with a \$5,079 balance compared to the prior year ending balance of \$73,724. Transfers out to operating funds increased by \$45,878 in fiscal 2006.

The Debt Service Fund ended fiscal 2006 with a \$71,773 balance compared to the prior year ending balance of \$65,975. Bond principal and interest payments increased by \$85,090 in fiscal 2006.

The Capital Projects Fund ended fiscal 2006 with a \$(317,506) deficit balance compared to the prior year ending balance of \$175,032. The fiscal 2006 deficit is a result of project costs exceeding available funds. The deficit will be eliminated through future transfers from other funds.

### **Proprietary Fund Highlights**

The Water Fund, which accounts for the operation and maintenance of the City's water system, ended fiscal 2006 with a \$2,718,742 net asset balance compared to the prior year ending net asset balance of \$2,675,546.

The Wastewater Fund, which accounts for the operation and maintenance of the City's wastewater treatment and sanitary sewer system, ended fiscal 2006 with a \$3,912,891 net asset balance compared to the prior year ending net asset balance of \$3,900,913.

The Sanitation Fund, which accounts for the operation and maintenance of the City's solid waste collection system, ended fiscal 2006 with a \$327,507 net asset balance compared to the prior year ending net asset balance of \$312,747.

### **BUDGETARY HIGHLIGHTS**

Over the course of the year, the Sample GAAP City amended its budget two times. The first amendment was done in January 2006 and the second amendment was made in May 2006. These amendments were needed to cover unplanned disbursements, including disbursements associated with projects carried over from the prior fiscal year.

Even with these amendments, the City exceeded the budgeted amount in the debt service function for the year ended June 30, 2006.

### **CAPITAL ASSETS AND DEBT ADMINISTRATION**

#### **Capital Assets**

The City's capital assets include land, buildings and improvements, equipment, streets, sewer systems, lighting systems, traffic signals and other infrastructure. Capital assets for governmental activities totaled \$11,769,563 (net of accumulated depreciation) at June 30, 2006. Capital assets for business type activities totaled \$7,543,323 (net of accumulated depreciation) at June 30, 2006. See Note 3 to the financial statements for more information about the City's capital assets.

The major capital outlays for governmental activities during the year included construction of the Fire and Training Center and renovation of the Memorial Library building.

For business type activities, major additions included an iron filter for the water plant.

Construction in progress at June 30, 2006 for governmental activities consists primarily of street projects and renovation of the Memorial Library building.

### **Long-Term Debt**

At June 30, 2006, the City had \$3,937,545 in total long-term debt outstanding for governmental activities. Total long-term debt outstanding for business type activities was \$2,684,000 at June 30, 2006. During the year ended June 30, 2006, the City issued a total of \$965,000 in general obligation bonds to finance the City's 2006 street program and a portion of the costs for the Fire and Training Center.

The City continues to carry a general obligation bond rating of Aa3 assigned by national rating agencies to the City's debt since 1997. The Constitution of the State of Iowa limits the amount of general obligation debt cities can issue to 5 percent of the assessed value of all taxable property within the City's corporate limits. The City's outstanding general obligation debt is significantly below its constitutional debt limit of \$9 million. Additional information about the City's long-term debt is presented in Note 4 to the financial statements.

### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

Several economic factors affected decisions made by the City in setting its fiscal 2007 budget. Sample GAAP City will experience a significant drop in General Fund revenues and expenditures from fiscal 2006 to fiscal 2007. The major factors that will play a role in this change are the reduction in intergovernmental revenue and decrease in property valuation for fiscal 2007.

Inflation in the State continues to be somewhat lower than the national Consumer Price Index (CPI) increase. The State's CPI increase was 3.2 percent for fiscal 2006 compared with the national rate of 3.4 percent. Inflation has been modest here due, in part, to the slowing of the residential housing market and modest increases in energy prices.

The General Fund is projected to end fiscal 2007 with a fund balance of approximately \$680,000, a 4.46% decrease from fiscal 2006.

The tax levy rates per \$1,000 of taxable valuation for fiscal 2007 are provided below:

General levy	\$ 8.10
Aviation levy	0.27
Debt Service levy	2.47075
Trust and Agency levy	5.408010
Tort Liability levy	0.94434
	<hr/>
Total	\$ 17.19310
	<hr/>

### **CONTACTING THE CITY'S FINANCIAL MANAGEMENT**

This financial report is designed to present our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and operating activities. If you have any questions or require additional information please contact the Finance Director, 101 Main Street, Sample GAAP City, Iowa.

## Sample GAAP City

Reconciliation of the Statement of Revenues, Expenditures and  
Changes in Fund Balances -  
Governmental Funds to the Statement of Activities

Year ended June 30, 2006

**Net change in fund balances - Total governmental funds (page 27)** \$ (561,944)

***Amounts reported for governmental activities in the Statement of  
Activities are different because:***

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. Capital outlay expenditures exceeded depreciation expense in the current year, as follows:

Expenditures for capital assets	\$ 2,553,986	
Depreciation expense	(686,170)	1,867,816

Because some revenues will not be collected for several months after the City's year end, they are not considered available revenues and are deferred in the governmental funds, as follows:

Property tax	25,448	
Other	(380)	25,068

Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. Current year issues exceeded repayments, as follows:

Issued	(965,000)	
Discount on general obligation bonds	7,455	
Repaid	495,000	(462,545)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds, as follows:

Compensated absences	(7,756)	
Interest on long-term debt	542	(7,214)

**Change in net assets of governmental activities (page 19)** \$ 861,181

See notes to financial statements.

Sample GAAP City

Notes to Financial Statements

June 30, 2006

**(1) Summary of Significant Accounting Policies**

Sample GAAP City is a political subdivision of the State of Iowa located in Sample County. It was first incorporated in 1875 and operates under the Home Rule provisions of the Constitution of Iowa. The City operates under the Mayor-Council-Manager form of government with the Mayor and Council Members elected on a non-partisan basis. The Sample GAAP City provides numerous services to citizens, including public safety, public works, health and social services, culture and recreation, community and economic development and general government services. It also operates the airport and provides water, sewer and sanitation utilities.

The financial statements of Sample GAAP City have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board.

**A. Reporting Entity**

For financial reporting purposes, Sample GAAP City has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City.

These financial statements present Sample GAAP City (the primary government) and its component unit. The component unit discussed below is included in the City's reporting entity because of the significance of its operational or financial relationship with the City.

**Discretely Presented Component Unit**

Sample GAAP City Municipal Airport Authority (Authority) was established pursuant to Chapter 330A of the Code of Iowa to operate the City's airport facility. The Authority is governed by a five member board appointed by the Sample GAAP City Council who serve at the pleasure of the City Council. The City annually provides significant operating subsidies to the Authority. In accordance with criteria set forth by the Governmental Accounting Standards Board, the Authority meets the definition of a component unit which should be discretely presented.

### Jointly Governed Organizations

The City participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the following boards and commissions: Sample County Assessor's Conference Board, Sample County Planning Commission, Sample Housing Authority, Sample County Sanitary Solid Waste Disposal Commission, Sample County Emergency Management Commission and Sample County E911 Service Board.

### B. Basis of Presentation

Government-wide Financial Statements – The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the primary government and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are supported by property tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for services.

The Statement of Net Assets presents the City's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories.

*Invested in capital assets, net of related debt* consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

*Restricted net assets* result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

*Unrestricted net assets* consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements – Separate financial statements are provided for governmental and proprietary funds. Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs not paid from other funds.

Special Revenue:

The Tax Increment Financing Revenues Fund is used to account for revenues from the tax authorized by ordinance in the urban renewal district and used to pay the principal and interest on the general obligation capital loan notes and other indebtedness incurred for urban renewal redevelopment projects.

The Local Option Sales Tax Fund is used to account for the revenues from the tax authorized by referendum and used for capital improvements, equipment and community programs and services.

The Payroll Tax Levy Fund is used to account for property tax levied to finance the payment of employee benefits.

The Debt Service Fund is used to account for the payment of interest and principal on the City's general long-term debt.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

The City reports the following major proprietary funds:

Enterprise:

The Water Fund is used to account for the operation and maintenance of the City's water system.

The Wastewater Fund is used to account for the operation and maintenance of the City's wastewater treatment and sanitary sewer system.

The Sanitation Fund is used to account for the operation and maintenance of the City's solid waste collection system.

C. Measurement Focus and Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days after year end.

Property tax, local option sales tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the City.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

Under terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general revenues.

The proprietary funds of the City apply all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's Enterprise Funds is charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The City maintains its financial records on the cash basis. The financial statements of the City are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents – The cash balances of most City funds are pooled and invested. Interest earned on investments is recorded in the General Fund unless otherwise provided by law. Investments consist of non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid (including restricted assets) are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

Property Tax Receivable, Including Tax Increment Financing – Property tax, including tax increment financing, in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the City to the County Board of Supervisors. Current year property tax receivable represent taxes collected by the County but not remitted to the City at June 30, 2006 and unpaid taxes. The succeeding year property tax receivable represent taxes certified by the City to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the City is required to certify its budget to the County Auditor by March 15 of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable have been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenues recognized in these funds become due and collectible in September and March of the current fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2004 assessed property valuations; is for the tax accrual period July 1, 2005 through June 30, 2006 and reflects tax asking contained in the budget certified to the County Board of Supervisors in March 2005.

Customer Accounts and Unbilled Usage – Accounts receivable are recorded in the Enterprise Funds at the time the service is billed. Unbilled usage for service consumed between periodic scheduled billing dates is estimated and is recognized as revenue in the period in which the service is provided.

Due from and Due to Other Funds – During the course of its operations, the City has numerous transactions between funds. To the extent certain transactions between funds had not been paid or received as of June 30, 2006, balances of interfund amounts receivable or payable have been recorded in the fund financial statements.

Due From Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories – Inventories are valued at cost using the first-in/first-out method. Inventories in the Enterprise Funds consist of materials and supplies. Inventories are recorded as expenses when consumed rather than when purchased.

Restricted Assets – Funds set aside for payment of Enterprise Fund revenue notes are classified as restricted assets since their use is restricted by applicable note indentures. Other restricted assets include customer deposits restricted for application to unpaid customer accounts or for refund to customers.

Capital Assets – Capital assets, which include property, equipment and vehicles and infrastructure assets (e.g. roads, bridges, curbs, gutters, sidewalks and similar items which are immovable and of value only to the government) are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Assets and in the Proprietary Funds Statement of Net Assets. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair not adding to the value of the asset or materially extending asset lives are not capitalized. Reportable capital assets are defined by the City as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Land, buildings and improvements	\$ 25,000
Equipment and vehicles	5,000
Infrastructure	50,000

Capital assets of the City are depreciated using the straight line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives (In Years)
Buildings	40-50 years
Improvements other than buildings	20-50 years
Vehicles	10-15 years
Equipment	5-30 years
Infrastructure	15-20 years

Deferred Revenue – Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent

grant proceeds, as well as delinquent property tax receivable and other receivables not collected within sixty days after year end.

Deferred revenue in the Statement of Net Assets consists of succeeding year property tax and tax increment financing receivable that will not be recognized as revenue until the year for which they are levied.

Compensated Absences – City employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees that have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2006. The compensated absences liability attributable to the governmental activities will be paid primarily by the General Fund.

Long-term Liabilities – In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental or business type activities column in the Statement of Net Assets and the proprietary fund Statement of Net Assets.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity – In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

#### E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2006, disbursements exceeded the amount budgeted in the debt service function.

### **(2) Cash and Pooled Investments**

The City's deposits in banks at June 30, 2006 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The City had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 3, as amended by Statement No. 40.

### (3) Capital Assets

Capital assets activity for the year ended June 30, 2006 was as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year
<b>Primary Government</b>				
<b>Governmental activities:</b>				
Capital assets not being depreciated:				
Land	\$ 835,920	-	-	835,920

#### (4) Changes in Long-Term Liabilities

A summary of changes in long-term liabilities for the year ended June 30, 2006 is as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year	Due Within One Year
Governmental activities:					
General obligation bonds/notes	\$ 3,475,000	957,545	495,000	3,937,545 (1)	570,000
Compensated absences	154,739	43,055	35,299	162,495	45,764
Total	<u>\$ 3,629,739</u>	<u>1,000,600</u>	<u>530,299</u>	<u>4,100,040</u>	<u>615,764</u>

(1) Bonds were sold at a discount; unamortized discount at June 30, 2006 totaled \$7,455.

	Balance Beginning of Year	Increases	Decreases	Balance End of Year	Due Within One Year
Business type activities:					
Revenue notes	\$ 2,837,000	-	153,000	2,684,000	160,000
Compensated absences	63,728	11,183	15,499	59,412	18,523
Total	<u>\$ 2,900,728</u>	<u>11,183</u>	<u>168,499</u>	<u>2,743,412</u>	<u>178,523</u>

### General obligation bonds/notes

Eight issues of unmatured general obligation bonds/notes, totaling \$3,945,000, are outstanding at June 30, 2006. General obligation bonds/notes bear interest at rates ranging from 1.65% to 5.40% per annum and mature in varying annual amounts, ranging from \$45,000 to \$215,000, with the final maturities due in the year ending June 30, 2017.

Details of general obligation bonds/notes payable at June 30, 2006 are as follows:

Governmental activities:	Date of Issue	Interest Rates	Final Due Date	Annual Payments	Amount Originally Issued	Outstanding June 30, 2006
General obligation bonds/notes:						
General and essential						
corporate purpose	Aug 1, 1996	4.40-4.75%	Jun 1, 2007	\$ 35,000-50,000	430,000	50,000
Capital loan notes	Jul 1, 2001	4.05-4.125	Jun 1, 2007	55,000-65,000	300,000	65,000
Capital loan notes	Jul 1, 2002	4.25-4.65	Jun 1, 2008	50,000-60,000	270,000	115,000
Corporate purpose	Jul 1, 2002	4.80-5.00	Jun 1, 2017	120,000-215,000	2,400,000	1,905,000
Capital loan notes	Jul 1, 2003	5.15-5.40	Jun 1, 2009	40,000-50,000	230,000	145,000
Capital loan notes	Oct 15, 2004	2.45-4.00	Jun 1, 2012	100,000-130,000	800,000	700,000
Essential corporate purpose	Oct 15, 2005	1.65-2.85	Jun 1, 2011	50,000-55,000	265,000	265,000
Essential corporate purpose	Dec 15, 2005	2.40-4.00	Jun 1, 2016	60,000-80,000	700,000	700,000
Total governmental activities						<u>\$ 3,945,000</u>

A summary of the annual general obligation bond/note principal and interest requirements to maturity by year is as follows:

Year Ending June 30,	Principal	Interest	Total
2007	\$ 570,000	163,100	733,100
2008	475,000	141,254	616,254
2009	435,000	123,059	558,059
2010	395,000	106,511	501,511
2011	410,000	91,654	501,654
2012-2016	1,445,000	245,198	1,690,198
2017	215,000	10,750	225,750
Total	<u>\$ 3,945,000</u>	<u>881,526</u>	<u>4,826,526</u>

### Revenue notes

One issue of unmatured revenue notes, totaling \$2,684,000, is outstanding at June 30, 2006. These notes bear interest at a rate of 4.19% per annum and mature in varying annual amounts ranging from \$160,000 to \$261,000, with the final maturity due in the year ending June 30, 2017.

The resolution providing for the issuance of the revenue notes includes the following provisions:

- (a) The notes will only be redeemed from the future earnings of the enterprise activity and the note holders hold a lien on the future earnings of the funds.
- (b) Sufficient monthly transfers shall be made to a revenue note retirement account for the purpose of making the note principal and interest payments when due.

- (c) Additional monthly transfers of \$2,000 to separate wastewater improvement and replacement accounts shall be made until specific minimum balances have been accumulated. These accounts are restricted for the purpose of paying for any additional improvements, extensions or repairs to the system.
- (d) User rates shall be established at a level which produces and maintains net revenues at a level not less than 110% of the amount of principal and interest on the notes falling due in the same year.

During the year ended June 30, 2006, the City was in compliance with the revenue note provisions.

Details of revenue notes payable at June 30, 2006 are as follows:

Business type activities:	Date of Issue	Interest Rates	Final Due Date	Annual Payments	Amount	Outstanding June 30, 2006
					Originally Issued	
Revenue notes:						
Wastewater revenue capital loan notes, series 1999	Feb 16, 1999	4.19%	Jun 1, 2019	\$ 156,000-261,000	4,745,000	2,684,000

A summary of the annual revenue note principal and interest requirements to maturity is as follows:

Year Ending June 30,	Principal	Interest	Total
2007	\$ 160,000	112,460	272,460
2008	166,000	105,756	271,756
2009	173,000	98,800	271,800
2010	180,000	91,551	271,551
2011	188,000	84,009	272,009
2012-2016	1,065,000	295,060	1,360,060
2017-2019	752,000	63,898	815,898
Total	\$ 2,684,000	851,534	3,535,534

**(5) Interfund Transfers**

The detail of interfund transfers for the year ended June 30, 2006 is as follows:

Transfer to	Transfer from	Amount
General	Special Revenue:	
	Road Use Tax	\$ 422,779
	Payroll Tax Levy	483,755
	Local Option Sales Tax	98,655
	Capital Projects	3,749
		<u>1,008,938</u>
Debt Service	Special Revenue:	
	Local Option Sales Tax	229,154
	Tax Increment Financing Revenues	156,179
		<u>385,333</u>
Capital Projects	General	351
	Special Revenue:	
	Tax Increment Financing Revenues	692,233
	Capital Projects	820,435
		<u>1,513,019</u>
Total		<u>\$ 2,907,290</u>

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

**(6) Due From and Due to Other Funds**

The detail of interfund receivables and payables at June 30, 2006 is as follows:

Receivable Fund	Payable Fund	Amount
General	Capital Projects	\$ 464
Special Revenue:		
Local Option Sales Tax	Capital Projects	310,558
Library	Special Revenue:	
Endowment	Tax Increment Financing Revenues	452,964
Library	Special Revenue:	
Maintenance	Tax Increment Financing Revenues	40,000
Enterprise:		
Water	Capital Projects	99,495
Wastewater	Capital Projects	<u>196,672</u>
Total		<u>\$ 1,100,153</u>

These balances result from interfund loans to finance projects. Repayments will be made from future revenues.

**(7) Pension and Retirement Benefits**

The City contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Most regular plan members are required to contribute 3.70% of their annual covered salary and the City is required to contribute 5.75% of covered salary. Certain employees in special risk occupations and the City contribute an actuarially determined contribution rate. Contribution requirements are established by state statute. The City's contributions to IPERS for the years ended June 30, 2006, 2005 and 2004 were \$411,927, \$410,298 and \$391,314, respectively, equal to the required contributions for each year.

**(8) Industrial Development Revenue Bonds**

The City has issued a total of \$16,325,000 of industrial development revenue bonds under the provisions of Chapter 419 of the Code of Iowa, of which \$8,247,020 is outstanding at June 30, 2006. The bonds and related interest are payable solely from the rents payable by tenants of the properties constructed, and the bond principal and interest do not constitute liabilities of the City.

**(9) Deficit Balances**

At June 30, 2006, funds with deficit balances were as follows:

Special Revenue, Tax Increment Financing Revenues Fund	\$ 480,408
Capital Projects Fund	\$ 317,506

These deficit balances are the result of project costs in excess of available funds. These deficits will be eliminated upon collection of tax increment financing revenues and the subsequent transfer of these revenues into the Capital Projects Fund.

**(10) Risk Management**

The City is a member in the Iowa Communities Assurance Pool, as allowed by Chapter 670.7 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 531 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine, and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of

membership and are maintained to equal 300 percent of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The City's property and casualty contributions to the risk pool are recorded as expenditures from its operating funds at the time of payment to the risk pool. The City's annual contributions to the Pool for the year ended June 30, 2006 were \$\_\_\_\_\_.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured in an amount not to exceed \$2,650,000 per claim and \$5,000,000 in aggregate per year. For members requiring specific coverage from \$2,000,000 to \$10,000,000, such excess coverage is also reinsured. Property and automobile physical damage risks are retained by the Pool up to \$100,000 each occurrence, each location, with excess coverage reinsured on an individual-member basis.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event a series of casualty claims exhausts total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. The City does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable that such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2006, no liability has been recorded in the City's financial statements. As of June 30, 2006, settled claims have not exceeded the risk pool or reinsurance coverage since the pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days' prior written notice may withdraw from the Pool. Upon withdrawal, payments for all claims and claims expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Members withdrawing within the first six years of membership may receive a partial refund of their capital contributions. If a member withdraws after the sixth year, the member is refunded 100 percent of its capital contributions. However, the refund is reduced by an amount equal to the annual operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

The City also carries commercial insurance purchased from other insurers for coverage associated with \_\_\_\_\_. The City assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

**(11) Commitments**

The City has entered into construction contracts totaling \$1,190,824 for renovation of the Memorial Library and a street construction project. As of June 30, 2006, costs of \$866,476 have been incurred on the projects. The remaining \$324,348 will be paid as work on the projects progresses.

**(12) Subsequent Events**

In July 2006, the City entered into a contract for \$570,000 for the construction of a garage for the street department. The project will be funded with general obligation bonds issued in September 2006.

In September 2006, the City issued \$960,000 of general obligation bonds to pay the costs of certain street improvements and a street garage. The bonds are payable from a continuing annual levy of taxes against all taxable property of the City.

Sampe GAAP City

Notes to Required Supplementary Information – Budgetary Reporting

Year ended June 30, 2006

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon 9 major classes of disbursements known as functions, not by fund. These 9 functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects and business type activities. Function disbursements required to be budgeted include disbursements for the General Fund, the Special Revenue Funds, the Debt Service Fund, the Capital Projects Fund and the Enterprise Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. During the year, two budget amendments increased budgeted disbursements by \$761,180. These budget amendments are reflected in the final budgeted amounts.

During the year ended June 30, 2006, disbursements in the debt service function exceeded the amount budgeted.

Des Moines, Iowa 50319-0004

Telephone (515) 281-5834 Facsimile (515) 242-6134

### Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Mayor and  
Members of the City Council:

We have audited the accompanying financial statements of the governmental activities, the business type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of Sample GAAP City, Iowa, as of and for the year ended June 30, 2006, which collectively comprise the City's basic financial statements listed in the table of contents, and have issued our report thereon dated September 20, 2006. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered Sample GAAP City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Sample GAAP City's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in Part II of the accompanying Schedule of Findings and Questioned Costs.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe that none of the reportable conditions described above is a material weakness.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Sample GAAP City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the Sample GAAP City and other parties to whom Sample GAAP City may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Sample GAAP City during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

DAVID A. VAUDT, CPA  
Auditor of State

Independent Auditor's Report on Compliance with Requirements  
Applicable to Each Major Program and on Internal Control over Compliance  
in Accordance with OMB Circular A-133

To the Honorable Mayor and  
Members of the City Council:

Compliance

We have audited the compliance of Sample GAAP City, Iowa, with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended June 30, 2006. Sample GAAP City's major federal program is identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to its major federal program is the responsibility of Sample GAAP City's management. Our responsibility is to express an opinion on Sample GAAP City's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Sample GAAP City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Sample GAAP City's compliance with those requirements.

In our opinion, Sample GAAP City complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2006.

Internal Control Over Compliance

The management of Sample GAAP City is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered Sample GAAP City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that non-compliance with applicable requirements of laws, regulations, contracts and grant agreements caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the Sample GAAP City and other parties to whom Sample GAAP City may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

DAVID A. VAUDT, CPA  
Auditor of State

September 20, 2006

Sample GAAP City  
Schedule of Findings and Questioned Costs  
Year ended June 30, 2006

**Part I: Summary of the Independent Auditor's Results:**

- (a) Unqualified opinions were issued on the financial statements.
- (b) Reportable conditions in internal control over financial reporting were disclosed by the audit of the financial statements, none of which are considered to be material weaknesses.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.
- (d) No material weaknesses in internal control over the major program were noted.
- (e) An unqualified opinion was issued on compliance with requirements applicable to the major program.
- (f) The audit disclosed no audit findings which were required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- (g) The major program was CFDA Number 14.228 – Community Development Block Grants/State's Program.
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i) Sample GAAP City did not qualify as a low-risk auditee.

Sample GAAP City  
Schedule of Findings and Questioned Costs  
Year ended June 30, 2006

**Part II: Findings Related to the Financial Statements:**

**REPORTABLE CONDITIONS:**

- II-A-06 Credit Cards – The City has credit cards for use by various employees while on City business. The City has not adopted a formal policy to regulate the use of credit cards and to establish procedures for the proper accounting of credit card charges. Additionally, supporting documentation was not always available to support credit card charges.

Recommendation – The City should adopt a formal written policy regulating the use of City credit cards. The policy, at a minimum, should address who controls credit cards, who is authorized to use credit cards and for what purpose, as well as the types of supporting documentation required to substantiate charges.

Response – We presently have unwritten guidelines. However, we have not established a formal written policy detailing specifics on the use of City credit cards. We will review procedures and guidelines and establish a written policy.

Conclusion – Response accepted.

- II-B-06 Information Systems – The following weaknesses in the City's computer based systems were noted:

The City does not have written policies for:

- Requiring password changes because software does not require the user to change log-ins/passwords periodically.
- Requiring independent review of payroll and utility rates.
- Computer usage and Internet usage.

Also, the computer system does not lock out a user if the user has entered the wrong password a specified number of times.

Recommendation – The City should develop written policies addressing the above items in order to improve the City's control over computer based systems. Passwords should be periodically changed, independent review should be performed on utility and payroll rates, and the computer should lock out users that input their password incorrectly a specified number of times.

Response – The City will review current policies and procedures and adjust accordingly.

Conclusion – Response accepted.

Sample GAAP City  
Schedule of Findings and Questioned Costs  
Year ended June 30, 2006

**INSTANCES OF NON-COMPLIANCE:**

No matters were reported.

Sample GAAP City  
Schedule of Findings and Questioned Costs  
Year ended June 30, 2006

**Part III: Findings and Questioned Costs For Federal Awards:**

**INSTANCES OF NON-COMPLIANCE:**

No matters were reported.

**REPORTABLE CONDITIONS:**

No material weaknesses in internal control over the major program were noted.

Sample GAAP City  
Schedule of Findings and Questioned Costs  
Year ended June 30, 2006

**Part IV: Other Findings Related to Required Statutory Reporting:**

IV-A-06 Certified Budget – Disbursements during the year ended June 30, 2006 exceeded the amount budgeted in the debt service function. Chapter 384.20 of the Code of Iowa states in part that public monies may not be expended or encumbered except under an annual or continuing appropriation.

Recommendation – The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

Response – The budget will be amended in the future, if applicable.

Conclusion – Response accepted.

IV-B-064 Questionable Disbursements – Certain disbursements were noted that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 since the public benefits to be derived have not been clearly documented. These disbursements are detailed as follows:

Paid to	Purpose	Amount
Anywhere Flower Shop	Flower arrangements for gifts	\$ 332
Anywhere Quick Shop	Pop and food for City employees	239

According to the opinion, it is possible for such disbursements to meet the test of serving a public purpose under certain circumstances, although such items will certainly be subject to a deserved close scrutiny. The line to be drawn between a proper and an improper purpose is very thin.

Recommendation – The Council should determine and document the public purpose served by these disbursements before authorizing any further payments. If this practice is continued, the City should establish written policies and procedures, including the requirement for proper documentation.

Response – We will comply with this recommendation.

Conclusion – Response accepted.

IV-C-06 Travel Expense – No disbursements of City money for travel expenses of spouses of City officials or employees were noted.

Sample GAAP City

Schedule of Findings and Questioned Costs

Year ended June 30, 2006

- IV-D-06 Business Transactions – Business transactions between the City and City officials or employees are detailed as follows:

Name, Title, and Business Connection	Transaction Description	Amount
Rosemary Jones, Mayor, Owner of Jones Construction	Construction, per bid	\$ 105,052
Kevin Linden, Council Member, Owner of Linden Welding	Repair and welding	1,295
J. J. Silver, Public Works Director, Part-owner of J. J.'s Hardware	Parts and supplies	436

In accordance with Chapter 362.5(10) of the Code of Iowa, the transactions with the Council Member and Public Works Director do not appear to represent conflicts of interest since total transactions with each individual were less than \$1,500 during the fiscal year. The transaction with the Mayor does not appear to represent a conflict of interest since it was entered into through competitive bidding in accordance with Chapter 362.5(4) of the Code of Iowa.

- IV-E-06 Bond Coverage – Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure the coverage is adequate for current operations.

- IV-F-06 Council Minutes – No transactions were found that we believe should have been approved in the Council minutes but were not.

The Council went into closed session on May 19, 2006. However, the minutes record did not document the specific information regarding the closed session required by Chapter 21 of the Code of Iowa, commonly known as the open-meetings law.

Although minutes of Council proceedings were published, they were not published within fifteen days as required by Chapter 372.13(6) of the Code of Iowa. Also, the City did not publish annual gross salaries in accordance with an Attorney General's opinion dated April 12, 1978.

Recommendation – The City should comply with Chapter 21 of the Code of Iowa and should publish minutes and annual individual salaries as required.

Response – We will comply with the Code requirements for closed sessions. We will publish minutes and salaries as required.

Conclusion – Response accepted.

- IV-G-06 Deposits and Investments – No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the City's investment policy were noted.

- IV-H-06 Revenue Notes – The City has complied with the wastewater revenue note provisions.

Sample GAAP City

Schedule of Findings and Questioned Costs

Year ended June 30, 2006

IV-I-06 Fire Department Activities – The Sample GAAP City Volunteer Fire Department maintains a separate checking account for donations and fund raising activities. Certain expenditures, such as a dinner for volunteers and their family members, from this account may not meet the requirements of public purpose.

Recommendation – The City and the Volunteer Fire Department should determine and document the public purpose served by these expenditures before authorizing further payments and should consider initiating steps to legally segregate the donation and fund raising activities of the Association from the City.

Response – We will contact the City Attorney to set this up.

Conclusion – Response accepted.

IV-J-06 Other Information Required by Revenue Note Resolution

Insurance – The following insurance policies were in force at June 30, 2006:

Insurer	Description	Amount	Expiration Date
Smith Insurance	Property coverage	\$ 20,000,000	Apr 1, 2007
